

Vote for Sonia Argatoff

Education-Communications Officer

Why vote for me?

Education

- I believe we should encourage and provide education on current issues, such as; Pensions
- We will be a more engaged membership if we learn more about the labour movement, current issues we may be negotiating in our up-coming bargaining, and if we provide training for our new executives
- I currently work in the Union Development Department, and am aware of the types of educational workshops that could be offered to help empower our members and executives

Communication

- I will effectively help promote and publicize messages & information to our members
- This can be achieved by: prioritizing communication to our members, setting up a COPE 491 social media account, creating monthly newsletters, and engaging our members with requests for feedback and opinions to help bring us closer together
- And by using more of the technology available, such as; electronic surveys, graphic templates for newsletters and correspondence, skype video conferences
