

VOTE

Steve Romanin for Regional Vice President Region 1 (British Columbia)

My passion for advancing the labour movement has led me to my new home in Victoria and I am honoured to be running to represent the extraordinary members of COPE 491 in Region 1 — British Columbia.

I am continually inspired by the incredible work that our bargaining unit does to improve the lives of workers all across Canada. My key priorities are:

Transparency and Communication

I believe in open and transparent communication, bringing vulnerability and empathy to all of my relationships.

Fairness and Equity

I will ensure every member of our bargaining unit receives fair wages and improved working conditions, with a mindful approach to incorporating equity at all levels.

Professional Development and Personal Growth

I will advocate for opportunities to improve your skills, with a keen focus on differing learning styles and familiarity with technology.

Safety and Well-Being

I understand the importance of mental health and physical safety in the workplace and will always make this my first priority.

If you'd like to know more about me, please don't hesitate to reach out!

In solidarity, Steve
