

VOTE

for

Communications/ Education Officer

Sadie Tapper

I have been actively involved with our union and the labour movement over the last two and a half years since joining CUPE, and I consider myself lucky to have the opportunity! The skills I developed in my past marketing career not only set me up for success in my role as an Administrative Support Professional, but also as a participating member of our union and the future Communications/Education Officer of Local 491.

It is important to me that our members are engaged and provided the opportunity to be involved and kept informed.

As they say... COMMUNICATION IS

Passionate

Adaptable

Solution Focused

Dedicated

Versatile

Goal Orientated

Committed

Detail Orientated

Compassionate

Through my attendance at the **OFL Convention**, **COPE Ontario AGM**, **London District Labour Council** meetings, and my participation on committees, I have made impactful connections with labour activists from other unions that have armed me with valuable resources and insights.

Thank you to my nominator and to you, my fellow member, for considering me as your next Communications/Education Officer!

Current position:

- Vice President, COPE Ontario (representing 491)

Committees I sit on:

- Ontario Federation of Labour Young Workers
- COPE Ontario Young Workers
- COPE 491 Equity, Diversity & Inclusion

In solidarity,

Sadie
