

I'm Natasha Poirier
I'm grateful for the opportunity to put my hat in the ring
for an RVP position for the National office (Region 6).

I've been a COPE member since 2022.

I'm now working in the Legal branch with an amazing team of devoted, passionate, inclusive, and inspiring individuals. They give me hope in the future, have revived my personal flame, given me back my confidence and inspired me to take my small place in this amazing organization as a collaborator, team player, and passionate COPE voice.

Please consider voting for me; here's why:

I come from a place of compassion, care, inclusion, openness and understanding.

I'm discreet, your story is not mine to share.

I'm approachable, I want to help and hold safe space for people.

I'm trauma experienced and trained.

I offer a solid and comforting presence in uncomfortable and scary moments.

I can be a quiet witness or a loud advocate.

On a personal level,
I will happily overshare with anyone who asks,
thanks to my neuro-spicy brain!

Thank you for your consideration!
