BREANNA O'DONNELL

ONTARIO BARGAINING COMMITTEE

PROGRESSIVE EXPERIENCE

TEAM FOCUSED

INNOVATIVE SOLUTIONS

Coming close to 10 years with CUPE. I have experience in several departments from organizing, education, pay equity and JE, OSBCU, servicing & more! Working in SSM one ASP AO, London as a two ASP AO and ORO as my home base, a multi-ASP regional office. All functioning at different levels, needs and working demands. Recently expanding my knowledge with COPE education workshops including stewarding and collective bargaining.

I am dedicated to listening and addressing the concerns within different departments and offices. From being the trainee to training and onboarding co-workers in several departments and offices. I would like to ensure that every voice is heard, respected, and valued no matter the circumstances.

Committed to bringing fresh ideas and change to the table, I aim to address our members challenges with creativity and forward-thinking action to foster growth and development, together as a team!
